Town Council Holds Regular Meeting Tuesday October 3rd

The first regular meeting of the Wainwright Town Council for the month of October was held in the Council Chamber at 8 o'clock on Tuesday evening last.

The members present at this meeting were Mayor Foster and Councilors Adams, Welch, McLeod, Helling, Coulter and Patterson.

The recorded proceedings of the regular meeting of September 19th, were read and confirmed as written.

A communication was read from the Department of Old Age Pensions relative to the application of Mrs. Carrie E. Andrews for pension.

Pointing out that, in view of the affidavits submitted to the department by Mrs. Andrews in substantiation of her residence in Wainwright, the department will require evidence from Council in contradiction as otherwise the department must accept residence as established. A motion was submitted that Council continue its opposition on this application and, in the discussion which followed, it was pointed out that it did not devolve upon Council to act as detectives in seeking evidence on facts so clearly evident. An amendment to the motion was then submitted that, inasmuch as this Council is not in position to submit evidence disputing the facts as contained in the affidavits supporting Mrs. Andrews' application, approval of the application be granted under protest. On being put to the vote, the amendment was carried by a majority of no means unanimous.

Mr. E. H. L. Thomas wrote soliciting a share of the insurance controlled by the Town of Wainwright, pointing out that his commission on any business granted him would be applied to the reduction of his indebtedness to the town.

On motion, this communication was referred to the Committee on Assessment, Property and By-Laws.

Mr. Riley Goodrich made a new application to purchase six lots on Clawson Avenue in the vicinity of Columbia Street at a price of \$500 each and, on motion, his application was accepted.

Mr. Harold Spaven submitted a written offer of \$20.00 for Lot 26 in Block 10 Plan 64457 and \$10.00 for Lot 27 in the same block, stating that he was willing to pay these

amounts by having gravel on the beds of 15 yards each, as required from time to time by the town, and on motion, the communication was laid on the table until next regular meeting for the purpose of further information being obtained thereon.

In reply to an application from the office of the Municipal News for a year's subscription to that magazine, the Secretary-Treasurer was authorized, by motion, to forward \$1.00 as the price of a subscription to the Municipal News for one year.

Mr. W. S. Campbell, President and Manager of the Wainwright Gas Co. Ltd., wrote that in order to assure a plentiful supply of gas, it may be necessary for the company to drill a well in the near future and, as the franchise period has but a short time to run, he desired to ascertain the status of such well, if it were found necessary to drill it.

On motion, the communication was ordered filed that Council may inform itself intelligently on the question.

A communication was presented from the Wainwright Hockey Club with two alternative proposals connected with the operation of a rink for the Town of Wainwright during the approaching winter season. One proposal is that Council establish the rink in accordance with certain specifications as submitted with the application, and the other that the rink be operated by the town and the hockey club will operate the rink on a schedule submitted without further obligation by the town and the other that the Town of Wainwright establish the rink under the same specifications and operate the rink, the hockey club to pay a stated sum for the use of the rink for practices and games taking all monies received from all such games. On motion, the Mayor was authorized to appoint a committee to investigate the proposals and report and, in accordance with this motion, Councilors Welch and Coulter were named as a committee.

The Finance Committee submitted the following report, recommending payment of accounts in a total of \$6611.96, and, on motion, the report was accepted and incorporated in the proceedings of the meeting and the Mayor and Secretary-Treasurer were authorized to issue cheques in payment.

At the instance of Mr. D. W. Davidson, administrator of the J. Sutherland estate, on motion, the Secretary-Treasurer was instructed to pay to Messrs. J. C. McLeod & Son the sum of \$16.75 out of rentals from the William Tansey on Lot 16 in Block 39 Plan 6452, this amount constituting all indebtedness outstanding against the said estate.

On motion, Councilor Adams was elected Deputy Mayor for the ensuing three months.

On motion, Council was regularly adjourned.

ST. THOMAS' CHURCH

The Junior W.A. met on Tuesday afternoon last at the Vicarage. The first chapter of the new Study Book "The Seven Adventurers" was read by the Superintendent. Several visits were reported by the committee Phyllis Montgomery and Eileen Graham. An invitation was received from Mrs. A. G. Smith to have a sewing meeting some Saturday afternoon at her home. This was eagerly accepted and the secretary Gladys Lismore was instructed to write to Mrs. Smith accepting her offer with thanks. The balance of the afternoon was spent on the new drill.

On Wednesday evening last, the St. Thomas W.A. met at the Vicarage with Mrs. Lally, the president in the chair. The Intercessions were taken by the Vicar. The report of the visiting committee was given by Mrs. A. Adams, this being the end of Mrs. Adams' term, she handed over the books to Mrs. W. Milner, who volunteered to convene this committee for the next three months. Mrs. Adams also reported much progress made by the sewing committee. On behalf of the Junior W.A., Mrs. Bateman asked permission to hold a stall of sewing and candy at the forthcoming Bazaar. This was granted. The subject of Church Calendars was discussed, Mrs. Arkwright volunteered to sell them, and so was voted a sum of money to purchase 20 Calendars. It was decided to hold the Fall Supper in the Masonic Hall and the Bazaar in the Oddfellows' hall. The next meeting will be held at the home of Mrs. W. Milner on Nov. 1st.

On Sunday last Rev. G. W. Wilson of Edmonton was the special preacher at all Anglican points. The school house at Battle Heights was very tastefully decorated with the usual gifts of fruit, vegetables, grain, and flowers. At 11 a.m. it was also Harvest Festival, and the church was comfortably filled with reverent worshippers. The evening service in

Wainwright was well attended, and the whole key note was "Thanksgiving". Rev. Wilson gave a very interesting sermon on the text, Acts 28:10. "And when we sailed they put on board such things as were needed for the journey." Mr. Wilson said he was not so much interested in the invariable gifts, which were Hope, Courage, Human Sympathy and Gratitude. These are gifts, he said, which we can all pass on to each other.

Rev. C. N. Bateman, R.D., held services on Sunday last at Heath, Rosemoyn and Edgerton.

Sunday next is Children's Day, and there will be a Corporate Communion at 8 a.m. for Teachers and all who are interested in Children's work. Choral Communion at 11 a.m.; Junior Church at 5 p.m.; Evensong at 7:30, when the A.Y.P.A. will assist with the service. The key note for the whole day will be, "Our responsibility to the young people." A special invitation is given to all children and parents.

HIGH SCHOOL DANCE HAS BIG ATTENDANCE

On Friday evening October 6th, the Wainwright High School entertained at a program dance held in the Masonic Hall, where all who attended, voted it a great success. Music was supplied by the High School orchestra, and after once hearing their music, a good time was inevitable.

This being the first program dance of the season, it was naturally eagerly looked forward to and it is hoped it will not be the last of its kind. Shortly before midnight refreshments were served and the dance broke up at midnight.

RIBSTONE WINS TENNIS TROPHY

Sunday last an exciting tennis tournament took place between Ribstone and Wainwright, when the former returned home victorious with the "Cord" Cup, having won three out of five games.

The following were games played: Ladies and Gentles—Miss Smith (winner) and Mrs. Pratt; Eileen Hadd and Mr. Rickard (winners). Ladies and Gentles—Mrs. Parsons and Miss Hadd (winners), against Mrs. Adams and Mrs. Lasell. Mr. Lane and Mr. Thompson against Mr. Phillips and Mr. Foster (winners). Mixed Doubles—Mr. Lane and Mrs. Parsons against Mr. Phillips and Mrs. Lasell (winners).

The highlights of the game was between Mr. Rickard of Ribstone and Mr. Lane of Wainwright, when Mr. Rickard was successful in winning by one, the score being 20-20.

Mr. and Mrs. H. C. Montgomery and daughter Eileen, spent the weekend in the city.

Miss Mildred Perkins is home on a visit to her parents.

A.Y.P.A. DANCE ENJOYABLE AFFAIR

A very enjoyable evening was spent at a dance in the Masonic Hall under the auspices of the A.Y.P.A. on Monday evening.

The hall was tastefully decorated in blue and white and the crowd present thoroughly enjoyed the music which was supplied by the A.Y.P.A. orchestra.

A "spot dance" held during the evening was won by Miss Dorothy Wilkins and Mr. Doug Wallace.

At midnight a delicious lunch was served after which dancing was continued until 3 a.m. The dance was declared a success by all present.

BOY SCOUT NEWS

RESCUES FROM DROWNING BY BOY SCOUTS

Whilst it may not be possible to say that a particular rescue from drowning by a Boy Scout was definitely due to his Scout training, when 18 such rescues, scattered across the Dominion, are reported by the press in the two mid-summer months (the actual number probably was higher), Scouting obviously is entitled to much of the credit—the number of rescues plus the fact that Scouts not only are instructed in water rescue, but are taught, with respect to emergencies in general that others may stand and shout for help, but a Scout is expected to act.

Only such training would account for the rescue by Calgary Scouts, at different times and places, of no less than six children.

In several scattered instances the victims were brought out unconscious and revived by artificial respiration. Scout Jack Evans of Carman, Man., revived a girl said to have been submerged in a roof-tangled hole for 15 minutes, notwithstanding that bystanders declared his efforts would be useless.

Several of the rescue problems were unusual. A Strathroy, Ont., Scout, William Jarvis, was called upon to save a boy swimmer suddenly seized by another lad taken with a fit. At Picton, Ont., Scout Donald Wannamaker ran to the rescue of a 2-year-old baby boy who had waded into a diving hole, and the little lad's 70-year-old grandmother who had plunged after him and was unable to save either the baby or herself. The Scout came out with the little boy under one arm and the grandmother on the other.

When a boat capsized in a swift raceway at Hull, Que., and two girls were held by the current, one submerged, against a wire netting, it was Scouts made the difficult rescue and revived the second girl by artificial respiration. The rescue was the fourth credited to one of the lads, Patrol Leader Harry Barnes. A diving rescue in seven feet of water was the second by Scout Brimacombe of Vermilion, Alberta.

In other words, a dozen or more Canadian families were this summer saved heart-break and wrecked hopes and a dozen or more valuable lives were saved, thanks directly to Boy Scout training.

A NEW FOREIGN FRIEND EACH DAY

"You are here for only a few days. I hope you all have notebooks and will list the names of all your new friends. Make a friend every day from a different country." So requested Baden Powell of the 25,000 or more Scouts at the recent International Scout Jamboree in Hungary.

Mr. and Mrs. Wright will reside on the groom's farm at Hughtenden.

Tuesday, Oct. 10th, a quiet ceremony was performed at the United Church manse, when Miss Barbara Abell, of Edmonton, was united in marriage to Mr. Stewart Wright, of Hughtenden, Alta. Rev. T. Edgar Armstrong officiated.

Mr. and Mrs. Lee will reside on the groom's farm at Hughtenden.

Mr. and Mrs. Wright will reside on the groom's farm at Hughtenden.

R.F. HAS HIS JOKE

Disguises are an occasional feature of Scout camp fun. Baden Powell played the game on his way by steamer down the Rhine to the recent world gathering of Scouts in Hungary. Dressed as "an elderly tourist" he mixed with a party of U.S. Scouts unnoticed, and had his laugh at Budapest when he was loudly acclaimed by waiting Hungarians.

DEEP SEA SCOUTS ASHORE

The entertaining when ashore of Deep Sea Scouts (former Scouts who have gone to sea) has become a summer social activity of Canadian Rover Scouts at various Canadian ports. During the visit of H.M.S. Norfolk to Saint John this summer Deep Sea Scouts from her crew visited the camp of the Cathedral Scouts and provided some "star turns" at the campfire.

BOY SCOUT ARCHAEOLOGISTS

Scottish Scouts are finding an interesting activity in co-operation with the Glasgow Archaeological Society. The 51st Kewfrewshire Troop is clearing the floor surface of a large cave near the ancient church of St. Columba, and a Dumbarton Troop is studying the mysterious "pygmy" dwelling at the head of Glen Fruin, near Helensburgh.

HEATH

Miss Spence has returned to her duties at Heath School. Miss Jean Cunningham's substituted during her absence.

Harvest service was held in St. Patrick's church on Sunday. The church was decorated with fall leaves and the service was conducted by Rev. Mr. Bateman of Wainwright.

Miss Alberta Davis and Miss Maggie Wylie and Mr. Stanley Davis left Sunday to attend the winter college at Three Hills. Mr. and Mrs. Davis drove them down and are returning by way of Coronation, visiting their daughter, Mrs. Mockford.

Mr. Clinton Davis is recovering from an attack of mumps.

Mrs. E. L. B. McLeod was a visitor to Wainwright on Wednesday to attend the meeting of the Rebekah Lodge.

PIONEER OF THE CANADIAN ROCKIES PASSES AWAY

Tom Wilson is dead. Pathfinder, trail-blazer, hunter, trapper, prospector, Indian trader, wise adviser and dependable friend, oldest and most celebrated of Canadian Rockies guides, the last of the pioneers, Tom Wilson has gone to the Happy Hunting Grounds and is no more.

His life was a story of adventure and discovery. He was born at Bond Head, 40 miles north of Toronto, August 31, 1859. Tom Wilson was in his 70th year when death came to him. At the age of 15 his pioneer spirit sent him in quest of adventure and he landed him at Sioux City, Ia., a then westerly port of civilization.

Later he joined the North-West Mounted Police and was sent to Fort Walsh in what is now the southwest corner of Saskatchewan. To him there came rumors of the formation of the Canadian Pacific syndicate and of that body's intention to construct a railway through the unknown Canadian Rockies. Adventure beckoned, so he got his discharge from the force, trekked across the prairies to Fort Benton in Montana and there met and joined the "fire" survey party en route to Bow Gap, entrance to the Rockies. That was in 1881 and so began the series of adventures that were to link his name inseparably with the mountains.

His was a full, a happy and a useful life. He had no enemies. His disposition was kindly; he was without any trace of self-awareness. Known and honored everywhere in the west, he had also a host of friends all over the North American Continent, and indeed all over the civilized world. A great Canadian and a fine man.

His life work started as far back as 1881 when he went out with the Canadian Pacific explorer and surveying parties through the Rockies. In 1882 he set the foundations of his later fame with his discovery of Lake Louise and Emerald Lake, following it up with the blazing of the foot trail up the Yoho Valley in 1884. In his own person he was history, the history of the western mountains. It was fitting that he should be present at the driving of the last spike on that fateful day of November 1885 that saw the completion of the Canadian Pacific train continental main line across the Dominion from the Atlantic to the Pacific. Nor was he the least of the great men who there assembled.

In 1884 he made his discovery of Lake Louise accessible by blazing a trail to that beauty spot; in 1893 he took his first party to camp at the base of

STUDENTS

I wish to say to the students of the school that if they will give us their support by handing in jokes, poems, stories or anything of interest, we will publish a good, snappy, separate paper for the school, of about eight good-sized pages. We will have to charge ten cents a copy in order to pay for the printing of it. Lists have been passed around to the different grades and if we get a sufficient number of names of the students who promise to buy a copy, we will get this paper out soon. Come on students—sign up and hand in contributions to your class editors and let's have a real paper.

A jolly time was had on Friday, Oct. 6th, in the Masonic Hall, when a high school dance was held. Dancing was from 8 to 12. Lunch was served at 11.

As for our school orchestra, it's getting better all the time. We're sure everyone enjoyed the music and we wish to thank the orchestra for giving such a splendid performance.

This year finds one new member in our musical group—Earl Lane, our drummer—and can he drum?? I'll say so!

Well, anyway, we've got an orchestra worthy of praise and how!

AT THE DANCE:

Joyce Renville: Say, what's the difference between jumping and dancing?
Roland Wilkins: I don't know.
Joyce: I thought so.

Wallace Prosser: Would you care to dance this one?
Grace W.—Sure, if you can find me a partner.

The chief incident of the evening was when Johnny Moore's foot became tangled with a chair and a fight between foot and chair ensued. Johnny was victorious—after, er, uh about a three-minute fight, eh what?

Harold: May I have the last dance?
Irene: Big boy, you've had yours.

THOSE AT THE DANCE WERE:

The Misses Jean Dunsmore, Florence Montgomery, Iris Boyd, Betty Cardell, Hazel Wiley, Mrs. T. Pat O'Callaghan, Joyce Renville, Irene Lismore, Muriel Durrant, Florence Durrant, Leona Boyd, Janet Forster, Eileen Montgomery, Grace Wittmann.

Mount Asinibitoine; in 1894 he cut out and cleared the old Indian trail from Field to Emerald Lake and blazed a foot trail to Wapta. In 1897 he took a party to the Tobe-Glasser and the following year was guide to a party of 14 members of the Philadelphia Photographic Society to the Yoho Falls; in 1899 he blazed the first trail into Moraine Lake. His work was recognized in 1925 by a monument erected to him in the Yoho Park.

ONLY ON BASIS OF CORRECT MORAL PRINCIPLES CAN THE NATION FIND STABILITY

"Philosophy" is one of those high-sounding words which rarely make their way into the vocabulary of the average man. The reason is not hard to find. Philosophy is instinctively associated with abstractions, with endless and usually futile arguments about questions that are beyond the range of the majority of men. And when one dips into the writings of most of those who have usurped the title of philosopher, one wonders at the ink, paper and energy that have been wasted on subjects long since dead as Hamlet or Titian. Obviously, it is not philosophy as such that must necessarily be at fault, but the vagaries, the prejudices, the peculiarities of the men who worship at her shrine. Though he may never use the word, every normal person is at heart a philosopher; in fact we have it on the authority of an acute observer as Montaigne, that the wisest philosophy is as a rule lived by men and women who do not even know the meaning of the word. Philosophy, in the broad, current use of the term, is a rule of life, a set of principles which, consciously or unconsciously, serves as a guide of human actions, attitudes, judgments and pursuits. Often it may be expressed in a single sentence, as when we say that the American philosophy is the attainment of riches. Under

this wider aspect it is known as group or social philosophy. It must be immediately evident, therefore, that the kind and the direction of the thinking done by the group is of the utmost importance in trying to determine the ultimate effects of the proposals that are being thrust upon the American people through the agency of the N.R.A. No duty facing the present day man can be justly claim precedence over that of obtaining a clear understanding as to the significance of what is going on, thereby enabling us to form proper judgments and direct our influence into the right channels. In view of which facts we cannot do better than to ponder over the following authoritative declaration: "The social philosophy prevailing during recent centuries has carried human society far from its safe moorings. That philosophy—in, indeed, it is worthy of the name—which has ruled governments, groups and individuals of the past three hundred years, has not taken as its guide the moral law, has not considered the rights of man. Money, not man, has been the supreme consideration and the justifying end. That philosophy has aroused opposition and has given rise to errors and exaggerations that are anti-Christian.

Swell Chance

A fellow has to be a contortionist
 to get by these days. First of all,
 he's got to keep his back to the
 wall, and his ear to the ground. He's
 expected to put his nose to the grind-
 stone, keep a level head and both
 feet on the ground. And at the same

time, look for the silver lining with
 his head in the clouds.

THIS WEEK'S POEM:

To the preacher life's a sermon,
 To the jester life's a jest;
 To the miser life is money,
 To the loafer life is rest,
 To the lawyer life is trial,
 To the poet life's a song;
 To the doctor life's a patient,
 Who needs treatment right along,
 To the soldier life's a battle,
 To the teacher life's a school;

Life's a great thing to the thinker
 But a failure to the fool.

To the man who loves his work
 But it's a constant dodging duty
 To the fellow who's a shirk.
 To the faithful, earnest worker,
 Life's a story ever new.
 Life is what we try to make it,
 Brother, what is life to you?

—who—
 Cast! Bang! What's that? Com-
 munista bombing the school? No, it's
 no such luck. It's only an explosion
 in Chemistry. Mr. King was demon-
 strating the Law of Conservation of
 Weights and his experiment went
 over with a bang—cork, glass and
 acid fumes, flying all around.
 "Winky" jumped into the air while
 Georgina swallowed her gum and
 various members of the class turned
 pale and screamed aloud. However,
 no one was hurt and the experiment
 was not a fizzle.

 That reminds me of a Chemistry
 professor we know, who said to the
 class:

"I am about to perform a very

 class including myself, would be
 blown through the roof."

"Would the students please step up
 around the table so that they may
 follow me more closely?"

BEAR FACTS

By Sir Names

A great tournament was to be held
 by the King and the bravest men
 there would receive the King's horn
 made of pure gold. A Taylor and a
 Baker started from a little town, Ren
 Ville, to take part in the great event.
 On their way they turned to the
 Wright and walked down a long Lane
 and what should they meet but a
 large Bear.

"My Armstrong but I have only
 my Cain," said the frightened Baker.
 "Oh, he'll a' Wallace," said the
 Taylor and he leveled his Ruste Gunn
 and shot the Bear.

The Baker drew out of his
 pocket, took out the Cork and said:
 "This will revive me from the
 fright."

"Don't drink any Moore," said the
 other, "Use your Manners and give
 me some."

They saw a Forster Cumming to-
 wards them. Said he: "Can't you
 Reid that sign? you must Seal your
 Gunn before you enter the King's
 park. You have shot the King's
 tame bear. He Burns cowards like
 you at the stake."

The Baker's and Taylor's face
 turned different Hughes and they at-
 tempted to Steel their way home to
 escape the wrath of the King. The
 Baker being the faster Walker, ar-
 rived home first and the Taylor ar-
 rived soon after with a Callas on his
 heel.

A REMINDER

A few years ago thousands of Alberta farmers peti-
 tioned and worked for the building of Alberta Pool Ele-
 vators. As a result the Pool system covers the Province
 in a close network.

The same reasons which inspired grain growers to
 ask for the service and protection of this cooperative
 system of elevators suggest that patronage should con-
 tinue to be extended to them on a generous scale.
